

JUST ANOTHER STUPID MOVE BY A POLITICIAN

Are you aware that the New Jersey governor has chosen to fly the U.S. Flag in his state at half-staff in honor of Whitney Houston.

The U.S. Flag Code is pretty specific – “In the event of the death of a present or former official of the government of any State, territory, or possession of the United States, the Governor of that State, territory, or possession may proclaim that the National flag shall be flown at half-staff.”

A subsequent Presidential Proclamation No. 3044 expanded a governor’s prerogative to include, “the death of a member of the Armed Forces from that jurisdiction.”

We find no accommodation for flying the U.S. Flag at half-staff for anyone outside these specific parameters.

So why is this being done for an actress? Obviously the Governor doesn’t know or even respect the significance of flying the flag at half-staff. Maybe he just doesn’t care or votes are more important than respect for those that have SERVED their country.

What a disgrace!
