

VFW & DISASTER HELP

Due to the recent outbreak of tornados, fires, and floods wreaking havoc on our great nation, the VFW Unmet Needs Program proudly stands ready to assist our service men and women when they are burdened by circumstances out of their control.

The service member or veteran *must* have served on active-duty title-10 orders within the past 36-months in order to qualify. We have shortened the application to ONE PAGE for Natural Disaster Assistance. Assistance is limited to natural disasters which have damaged or forced the service member to vacate their primary residence. The assistance does not apply to vehicle damage or vehicle insurance deductibles.

The Unmet Needs Program's Natural Disaster Assistance is as follows:

Total loss of the primary residence: \$500

Power loss or damage to the home: \$300

[Please click here for the ONE PAGE application](#) for disaster assistance. Once the application has been completed, please fax back to the Unmet Needs program at (816) 968-2779.

If you have any questions, please contact Corey Cornett at (816) 968-1144.
